

## **Xero Cloud Accounting for the Driving Instructor**

### **Imagine this.....**

You drive into the fuel station, fill up with fuel. Take a photo of the fuel receipt and then you can throw away the paperwork.

The next day, you are waiting for your pupil to arrive, so you get out your smart phone. Yesterday's fuel payment has already arrived in your book keeping app on your phone.

As the pupil gets into the car, you click on the transaction, select fuel from a drop down list of expense codes, press the attach photo option, then save.... 20 seconds !

You put away your phone, knowing your book keeping is done and you can get on with your lesson.

In between the next lesson your app shows you have income from pupils appearing in your bank, you confirm this is Sales income and put away your phone.

Other expenses arrive in the app, franchise fees, car payments, mobile phone, again a simple click and they have been processed.

No book keeping books, no paperwork, no writing anything down...

### **At the 5<sup>th</sup> April**

You simply send your diary to your accountant, he logs into your on-line book keeping and prepares your accounts.

Mid April and you have your accounts and tax return submitted, and you know what your tax liability is.

Do you want to be this person, who can concentrate on business, have no worries about book keeping or tax liabilities....

Sign up now for our Smart Phone Book keeping system..... only £3.00 per week...

## Smart Phone Screen shots

	
<p><b>Live Bank Balances.....</b></p>	<p><b>Clear transactions listings.....</b></p>

	
<p><b>Allocate to an expense heading....</b></p>	<p><b>Choose the category....</b></p>

	
<p><b>Take or choose a photo of the receipt</b></p>	<p><b>Enter cash payments...</b></p>

Get stuck, simply contact R Stride & Co and we can access and alter any transactions....
